Welcome to SHARE!

If you've been recently diagnosed with metastatic breast cancer, we're here to help you.

SHARE is a national nonprofit that supports, educates, and empowers anyone who has been diagnosed with women's cancers, and provides outreach to the general public about signs and symptoms. We are a compassionate community of knowledgeable survivors, women living with cancer, and healthcare professionals. We are ready to listen to your concerns, respond to your questions, and provide education to help you make sense of your diagnosis and treatment.

SHARE is dedicated to serving women of all races, cultures, backgrounds, and identities. Because no one should have to face metastatic breast cancer alone.
